RE: Draft Cleanup and Abatement Order, Central, Cherry Hill, Empire, Manzanita, and West End Mines, Colusa County; Elgin Mercury Mine, Colusa County (together, the "Orders")

Dear Mr. Izzo:

Please be advised that I represent Bailey Minerals Corporation, a Nevada corporation ("BMC"), regarding its business, mining and corporate affairs.

BMC is in receipt of the above-referenced Orders and respectfully requests that you advise BMC of the reasons and/or basis for addressing such orders to BMC. Do you have any evidence that BMC was involved in and/or liable for any of the alleged problems set forth in your Orders? If so, BMC respectfully requests that you set forth such evidence in writing as soon as possible.

BMC also respectfully requests that you advise BMC of the reasons and/or basis for addressing such Orders to the other named addressees on your Addressee List, as it is not apparent from your Orders what, if any, (a) interest(s) or right(s) the respective addressees may have in or to the properties subject of the Orders, or (b) liability any addressee may have in connection with the subject matter of the Orders. BMC also respectfully requests that you identify the holders of title in and to the properties subject of your Orders.

Finally, BMC respectfully requests a copy of any and all documents identified in the subject Orders and/or used by you in connection with your decision to issue the subject Orders.

Thank you for your kind cooperation and assistance in this regard.

Sincerely,

Michael J. Morrison, Esq.
